

ROLE: Climate Communications Intern

PROGRAMME: Climate Action Programme

SALARY: This position is unpaid (travel and expenses will be provided)

CONTRACT: 12-24 weeks starting Monday 13th January 2025

HOURS: 20 per week

LOCATION: Hybrid role (Dublin/Cork and home)

REPORTING TO: Climate Action Programme Manager

Please send your CV and cover letter to [Gráinne Ryan \[gryan@eeu.antaisce.org\]\(mailto:Gráinne.Ryan@eeu.antaisce.org\)](mailto:Gráinne.Ryan@eeu.antaisce.org) by 5pm on Monday 9th December.

WHO WE ARE:

An Taisce is the National Operator for all of the international FEE (Foundation for Environmental Education) programmes. These include Blue Flag, Learning About Forests, Young Reporters for the Environment and Green-Schools, which is known internationally as Eco-Schools. The EEU have also developed many prestigious national programmes such as Clean Coasts and Climate Ambassador.

WHAT WE DO:

We support and facilitate behaviour change and best-practice environmental action, with over 100 highly skilled and dedicated staff working with approximately 1.4 million students, teachers, ambassadors, volunteers and community groups, annually across Ireland, for over 30 years. We have particular expertise in engaging our network of young people and their teachers through Green-Schools. Similarly, through the Climate Ambassador programme, we support leaders in local businesses and communities to take climate action and inspire others via novel climate communications.

THE CLIMATE ACTION PROGRAMME

The Climate Action Programme was established in 2017 and was originally developed to support the Climate Action and Low Carbon Development Act of 2015 and the National Mitigation Plan 2017. More recently, development and implementation has focussed on a number of key actions set out in the Climate Action Plan. For Ireland to achieve a just transition, we know we need rapid societal change and collaboration between local and national government, NGO's, business, communities, and individuals. The National Dialogue on Climate Action (NDCA) is the primary tool to actively engage people with climate, enabling and empowering at a local and national level. It does so through 3 key pillars; climate literacy, enabling active engagement and through research and evidence.

THE CLIMATE AMBASSADOR PROGRAMME

This is Ireland's first ever initiative to train and support individuals taking action on climate change. Tune in to the [podcast](#) to start your climate literacy journey today or follow us on [Instagram](#), [twitter](#), or [Facebook](#) to find out more.
